Pollen count

Get ready for the cheeriest of seasons as sunny pollen-yellow breezes through the lands of design. This not-so-mellow shade is an instant mood-lifter, bringing optimism to even the dullest of days. On the spring/summer 2015 catwalk, Issey Miyake's models were coated in structured, 3-D designs, bringing to mind delicious pieces of honeycomb, while Chloé's runway showed the shade in free-flowing materials, just the thing for skipping through a summer meadow. Homeware is bright and beaming too – Barber Osgerby's Mariposa sofa for Vitra is sure to spread joy and we're buzzing over the honeyed hue of Pentreath & Hall's silk ikat cushion. We've got a definite case of hayfever...
